// FEATURE HIGHLIGHTS

1 REV Gen5 sport-utility platform

Continued industry leadership with the ultimate versatile platform designed specifically for performance, work and a big fun factor.

2 Rotax 900 ACE Turbo R engine

Now the most powerful 4-stroke engine ever offered. Ferocious instant acceleration and top speed through bigger fuel injectors, increased boost and optimized intake and exhaust systems. The new cable activated iTC throttle better matches a performance rider's profile while offering three driving modes.

3 uMotion rear suspension

Perfectly balanced vehicle dynamics deliver unmatched versatility that's agile and capable both on- and off-trail. With increased travel for a more capable and comfortable riding experience for performance both with and without a load.

EXPEDITION SE 900 ACE TURBO R SHOWN

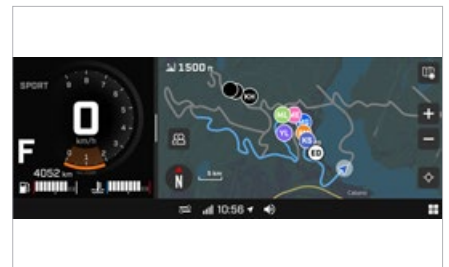

4 LinQ utility Premium cargo box

135 L / 35.7 US gal of lockable, weather-resistant storage capacity. Fully modular with 2 separated main compartments, the cargo box can fit 20" and 24" snowmobiles. Incorporated axe holder, plus attachment points for bungees and four 16-in. LinQ positions on top for extra accessory use.

5 3 utility track choices

Choose from three different factory-installed Crosscut, Ice Crosscut and Silent Cobra tracks, with or without studs for extra traction in icy conditions.

6 10.25 in. Touchscreen Display with BRP Connect, featuring Built-In GPS with Group Ride

View the live location of members of your group while independently seeing other riders around, without the need for a phone connection or cellular network access. Benefit from a map layer and trails,* track your current ride and see previous. For more, use your phone with the free BRP GO! app.
